

## Spanish Placement Test

This test is for incoming freshmen students interested in bypassing Spanish 1 and going straight to Spanish 2/ 2 Honors. For motivated students who have had several years of Spanish instruction or Spanish at home and have already learned the basic concepts of greetings, family and home, food and beverages, school and classroom vocabulary, and present tense conjugations. Also, for those students not taking the placement test but who are motivated and studious, please consider signing up for Spanish 1 Honors. Spanish 1 Honors will cover more material in-depth faster and will have less review of the basic concepts that may have already been taught at the grade school level. If you have any additional questions, please contact Mrs. Elizabeth Hasken at [ehasken@shdhs.org](mailto:ehasken@shdhs.org).
